

Clover Hill Community Primary School
Year One - Autumn Term 2016 - Second half

Dear Parents

The main focus of our work this half term is Toys. We will be engaged in the following activities in each subject area...

- History - Toys - comparing and contrasting old and modern day toys
- Science - Season change
- Art / Design and Technology - Moving pictures and simple puppets
- Computing - Creating an e-card
- R.E. - Giving and receiving linking in with the Christmas story
- PE - Dance and gymnastics

As you can see our main focus is 'Toys'; we would be very interested to see any photos of parents and grandparents with their favourite childhood toys. We would also love to see the actual toy if you have any and would appreciate it if we could display these in our class museum that we will be creating - we will look after them! If you do send any photos or toys in please date them so we can order them chronologically to produce a time line.

In Literacy we will be focussing on stories with familiar settings and using non-fiction texts. In Numeracy we will be counting, looking for pattern in number, exploring time, continuing to develop confidence when solving problems and adding and subtracting.

- Reading books will continue to be changed each Tuesday.
- Home activities continue to be given each Friday.
- P.E. sessions - Wednesday and Friday.
- Library session each Friday.
- ICT sessions - Tuesday and Wednesday.

Thank you for your continued support please come in to see us if you have any queries.

Yours truly,
Miss Temperley & Mrs Maynard
